

- Polyester (reinforced) or polyethylene tank
- Pressure is provided by diaphragm pumps
- Pump is moving from the PTO
- Brass and handcuffed nozzles
- Easily cleanable water filter
- Easily adjustable and usage
- High efficiency
- Clean water tank
- Pressure regulation
- Level indicator on the tank
- Easily mountable to tractor drawbar

## TECNICAL SPECIFICATIONS

Units	HW 1000	HW 1600	HW 2000
Pump Model (l/min)	C96	C96	C96
Control Panel	VDR 50	VDR 50	VDR 50
Boom Length(m)	12-16	12-16	12-16
Noozle Type	Brass-Plastic	Brass-Plastic	Brass-Plastic
Noozle Piece	24	24	24
Width (cm)	270	270	270
Lenght (cm)	347	350	385
Height (cm)	225	225	225
Bum Height Adjustment	Hydraulic	Hydraulic	Hydraulic
Required Power (BG)	50	50	50
Working Transfer (d/d)	540	540	540
Weight (kg)	782	820	832
